

# Pogo the Clown

juggling

fire eating

**Tel:** 0115 611190

**mob:** 07976 218054

**web:** [www.pogothec clown.co.uk](http://www.pogothec clown.co.uk)

**email:** [pogo@pogothec clown.co.uk](mailto:pogo@pogothec clown.co.uk)

**Format 1: Recommended for 1-5 years**

Includes a 15ft x 15ft bouncy castle encouraging children to play and interact. Pogo the Clown is on hand to entertain the children with balloon modelling and glove puppetry. Whilst the little ones have tea, Pogo will perform his balloon modelling around the table and lead the children through the blowing out of candles/singing of Happy Birthday. After tea, Pogo will finish the party with a magic show and, where possible, help organise party games.

**Format 2: Recommended for 5-8 years**

A slapstick and comedy magic routine of approximately 30-45 minutes will be performed by Pogo - this will involve the birthday child. Following this, a Punch and Judy show will be presented - good old fashioned fun which appeals to the child in all of us! Whilst the children have their tea, Pogo will entertain them with balloon modelling around the table - for parties of 35 and under (if there are more than 35 children, Pogo will entertain with glove puppets and give a special balloon to the birthday child). After tea, Pogo will arrange a 'blowing out of the candles' and lead the children (with the help of a musical disc!) to a rendition of 'Happy Birthday' - he will do this twice through (to ensure suitable photographs can be taken). The performance finishes with Pogo organising suitable party games for the youngsters.

**Format 3: Recommended for 7-9 years**

A slapstick and comedy magic routine will be performed by Pogo - this will involve the birthday child. Following this, Pogo will involve the children in an array of activity games, including the use of soft play balls, hula hoops, parachutes and other specialised play equipment - fun and physical! During the party Pogo will also entertain with his high quality disco equipment, complete with bubbles, smoke machine and a great light show.

**Format 4: Recommended for 8-11 years**

Pogo will delight the children by involving them in many activity games to suit their age group. Here they can experience the fun of soft play balls, hula hoops, parachutes and a lot more specialised play equipment guaranteed to have them interacting and enjoying themselves throughout the party. Pogo will also entertain with his high quality disco equipment, complete with bubbles, smoke machine and a great light show. In addition to this, venue and weather permitting, Pogo will astound his audience with his fire-eating act lasting for approximately 20 minutes.

**Format 5: Recommended for 11-14 years**

Pogo will host a juggling workshop for the youngsters giving them the chance to try their hand(s) at juggling. This party performance is suitable for up to 40 young people and uses professional juggling equipment, including Diablo, clubs and 'devil sticks'. Here we also have an opportunity to stilt walk (mini and large), ride a unicycle and spin plates. Included in the specialised and fun items which Pogo will also bring along to the party are hoops, skipping ropes, tug of war, and parachute game equipment. In addition to this, venue and weather permitting, Pogo will astound his audience with his fire-eating act lasting for approximately 20 minutes.
